Good effort by all teachers. I am very grateful to all the teacher , coordinator and principal. My child is groomed very well. I feel that my decision of taking this school is right.

The staff is also so friendly. I can see progress in my child .I am aware of all the effort the teachers has put in, because of the educated or good behavior teacher my child has done so much progress.

Thanks you so much

The school faculties, staff and management are very good . Quality education and various sports facilities are provided here which help the child to develop his or her interest in various fields also . Various programs and celebrations are conducted regularly so that it helps the child to take part in other activities . As the school had also conducted the online classes in the time of pandemic which helps the child to continue their studies at home and make them familiar with virtual mode . I am happy and satisfied with the school.

This prestigious school added so much to my ward's personality. He got an opportunity to become the head boy, who has undoubtedly very responsibilities. From a shy person to a confident guy, SSPS has played a major role in his development. We thank the school and authorities for coming out with so much innovation. The efforts done by teachers are beyond imagination. They gave infinite love and lessons to every single student. Surely this leads to a bright future of my child.
